EDUCATION

Oulu University of Applied Sciences
Bachelor of Engineering, Information Technology
 Oulu, Finland
2020 – Present

WORK EXPERIENCE

14.03.2023 – 26.04.2023 – "Polar" university project
04.08.2022 – 26.08.2022 – Waiter, "Café Boheme", Athens, Greece
03.06.2022 – 01.08.2022 – Babysitter, Athens, Greece
29.12.2021 – 05.08.2021 – Book Illustrator, remote

In the company-oriented project for "Polar" me and my classmate implemented a mobile app with Kotlin and Jetpack Compose using Polar's access link. The app itself consists of two screens:
- The view of basic sleep information from user's smartwatch
- The chart showing user's sleep data during the week
I was responsible for the app's UI implementation and logic handling.

LANGUAGES:

English – proficiency
Finnish – beginner
Greek – native

HOBBIES:

Digital and traditional art, UI/UX Design
